Subject: B-Line/Newport

Hi Rob,

We are aware of a letter recently sent to you by Newport Residents Association and wish to strongly support their comments and proposals. Since we met , together with other residents groups located north of Mona Vale , we have not seen any of the promised public consultation regarding extending the service to Newport.

We re-iterate that we have particular concerns about the proposal for a roundabout at Newport as we already suffer with the Barrenjoey Rd/Plateau Rd roundabout known universally , and for good reason , as Kamikazi corner. We do not need Kamikazi Two !

Surely the solution is straightforward , continue to TERMINATE THE SERVICE AT MONA VALE , as planned and established . We believe you will find there is massive support for this solution and minimal opposition and this wide community response should not be disregarded by TransportNSW.
