**Subject:** RE: Meeting Dearin Park Newport Residents Association

Hi Wendy

Thank you for the email and the summary of discussion points.

I have asked the team to install some steps as a priority at the end of Melaleuca Street.

As discussed let's get the dead wooding / tree removal completed and then we get one of landscape architects draw up a plan of the proposed works, especially the location of seats and the pathway down to the water.

As for the provision play equipment, with Trafalgar Park closely nearby and Dearin reserve being an off leash dog park I would not be supportive of play equipment.

Let's keep in touch.

Regards

**Steven Lawler**

**Subject:** Meeting Dearin Park Newport Residents Association

Dear Steven

Many thanks for meeting us last Thursday 11th June at Dearin Park. We really appreciate the opportunity of discussing some ideas with you for the park - it's amazing that a park with Pittwater frontage is not accessed by more of the local community.
