

NEWPORT VILLAGE COMMUNITY WORKSHOP

Northern Beaches Council is preparing a Place Activation Plan for Newport Village. Council has engaged People Place and Partnership to understand more about Newport Village, and plan activities and initiatives to create a vibrant place, now and into the future.

This program is focused on community, events and local initiatives to strengthen the business area within Newport.

Please note: This process does not relate to future planning and land use considerations for the area.

COMMUNITY WORKSHOP SESSION

You are invited to attend a community workshop to learn about the findings of a detailed place assessment undertaken in Newport Village, as well as workshop solutions for activation and events in the future.
