The Chief Executive Officer
Northern Beaches Council
PO Box 82,
Manly, NSW 1655

Dear Sir,

Now that the footpath section from Barrenjoey Rd , along Queens Pde East, and continuing North along Myola Rd to the Boulevard is complete we wish to express our thanks to council and especially Michelle Carter from Integrated Transport & Active Travel for progressing the project and to the design, planning and engineering staff , for a job well done.

Please also pass on our thanks to the contractor for the professional execution of the works and especially to the personnel on the job who were most cooperative and considerate during the construction.

We have been somewhat surprised, however, that there was left off a short section which would link the new path, from The Boulevard corner, to the village via the existing Ross St path, to join the recently completed Coastal Walkway section through Bert Payne Park.

This app. 90 m connecting link, along the Eastern side of Myola Rd, would seem to be a comparatively straightforward job ; a kerbside path on relatively flat ground.

Could you please let us know if funding has already been allocated for this section, and, if possible, when the work is likely to be undertaken.

As we have mentioned previously, this path remains at the top of our priority list followed by Prince Alfred Parade, Newport from number 4 through to number 46 on the western and south western side (up to the RMYC)

Yours sincerely

Gavin Butler
President
