Subject: PP0003/17. submission from Newport Residents Association re Nooal/Bardo Rd

We have made a number of submissions with regard this this matter and whilst we understand this process is all about making changes to the LEP as instructed to by the Department of Planning we wish to ensure that our absolute opposition to the change to the LEP is understood.

This LEP change to allow a Senior's development on E4 zoned land sets a terrible precedent and should not have occurred in the first place and if there is anyway the change can be prevented we would welcome it.

Sincerely

Gavin Butler

President Newport Residents Association Inc.
